Disclosures to the Health Center:
- If you have a positive COVID test
- If you're quarantining or isolating
- If you're unvaccinated or not-fully vaccinated and a close contact of a confirmed positive case
- Updates on your vaccination status (use this form for students; employees email Sherry Goulding)

Solebury School will:
- Notify the community of a positive COVID diagnosis for students or employees
- Disclose positive diagnoses to Bucks County DoH and State of Pennsylvania

Situation		Quarantine/Isolation
Community member tests (+)	Symptomatic	Stay home for 5 days; if symptoms are resolving and fever-free without the use of medication after 5 days, may return to campus with strict mask-wearing for additional 5 days**
	Asymptomatic	Stay home for 5 days; if still asymptomatic may return to campus with strict mask-wearing for additional 5 days**
Fully vaccinated* community member is a close contact of a confirmed (+) case	Symptomatic	Stay home, rapid ag test 24 hours after symptoms begin; if test is (-) confirm with PCR, if both (-) and afebrile may return to campus with strict mask-wearing for 10 days from exposure
	Asymptomatic	Strict mask-wearing and monitor for symptoms for 10 days, rapid ag test on day 5
Unvaccinated or otherwise not-fully vaccinated community member is a close contact of a confirmed (+) case	Symptomatic	Stay home for minimum 5 days, rapid ag test 24 hours after symptom start and again on day 5, if (-) confirm with PCR, if all (-) and fever-free may return to campus on day 6 with strict mask-wearing for 10 days from exposure
	Asymptomatic	Stay home for 5 days; if still asymptomatic may return to campus with strict mask-wearing for additional 5 days

*Please note that one is considered "fully vaccinated" if they: a) are boosted; b) completed the primary series of Pfizer or Moderna vaccine within the last 6 months; OR c) completed the primary series of the J&J vaccine within the last 2 months

Additional return requirement for boarders and other on-campus community members: (-) rapid ag test required on day 6; if test is (+) then wait 24 hours and test again, repeat until test result is (-) and then return
